

Valves and Controls

Double Rack & Pinion Actuators, Dual Travel Stops, Double Acting & Fail Safe, Specialty Applications for High & Low temperatures, Torques available up to 100,000in/lb

Gyrolok Tube Fittings, Instrument, Ball, Needle & Plug Valves, Sampling Cylinders, Actuated Valves, Instrument Pipe Fittings

Instrumentation Manifolds, Hand Valves, Gauge Block & Bleed, Direct Mount Systems

National Board Certified (for ASME Section I, Section IV and Section VIII Services) Safety & Pressure Relief Valve products ranging in size from 1/4" NPT through 6" Flange

Silent, Slanting Disc, Rubber Flapper, Double Disc & Automatic Control Check Valves; Air Valves, Cone Valves, Automatic Priming Systems

High Pressure, Threaded & Flanged Industrial Spring Operated Relief Valves, Snap-acting & Modulating Pilot Operated Relief Valves

Solenoid Valves, Filter Regulators, Pneumatic Steam Valves, Switches & Gas Relay Panels

PTFE Lined Butterfly, Ball & Ball Check Valves, Sight Glasses, In-line Sampling Systems

Quarter-turn, Multiturn, Modulating, Failsafe, Fieldbus & Special Design Actuators

Forged and Cast Steel Gate, Globe, Swing & Lift Check, Y-Pattern & Pressure Seal Valves

Iron, Brass, Bronze, Carbon & Stainless Steel Pressure Regulating, Temperature Regulating & Back Pressure Valves offering Products for Steam, Air/Gas, Liquid & Cryogenic Applications

2-Way, 3-Way, 5-Way Valves, Sanitary 2-Way Rotor Valves, High Flow, Transitional Flow, Top Entry, Piggable

High Performance, Resilient Seated, AWWA Butterfly Valves, V-Port & Rotary Control Valves, Knife Gate & Ported Gate Valves, Consistency Transmitter, Actuators & Positioners

Cast Iron, Steel & Bronze Gate, Globe, Ball, Butterfly & Check Valves

Ball-Float, Pump, Steam & Thermostatic Steam Traps, Control, Temperature Control, Check, Safety & Stop Valves, Strainers, Self-Acting Pressure & Temperature Controllers

Triple Offset Butterfly Valves w/Bi-Directional Zero Leakage for Cryogenic or High Temp Service, in sizes 3" to 96" in ASME pressure class 150-600, Available in Standard & Exotic Materials for the most difficult applications

Sanitary Diaphragm, High Purity Plastic Diaphragm, Industrial Metal Diaphragm V & Plastic Butterfly Valves

Pneumatic, Electro-pneumatic & Digital Positioners, Electronic Feedback & Switch Modules, Standard & Specialty Mounting for any Rotary or Linear Valve

Ball Valves, High Pressure to Class 2500, Cryogenic, High Purity, 3, 4 & 5 Way Valves, V Port Control Valves, Pneumatic & Electric Actuators

Forged Carbon & Stainless Steel Gate, Globe, Check, Cryogenic, Y-Pattern & Angle Valves

Thermoplastic Ball, Butterfly, Diaphragm & Check Valves, Manual & Actuated Solenoid Valves, Pressure Relief Valves, 3-Way Valves

Linear & Rotary Valve Position Monitors, Network Control Monitors

Instrumentation

Advanced Instruments, Inc.

ppb O2 Analyzers, ppm O2 General, Hazardous Use & Portable Analyzers, percent O2 General, Hazardous Use & Portable Analyzers, O2 Purity Analyzers, H2S Analyzers

Solid state, multi-component Spectrophotometers & Process-tailored Sampling Systems

Hot & Cold Water Meters, Steam Condensate & Oil Meters, Battery Powered Magmeters, 316 Stainless Steel & PVDF Turbine Meters

People for Process Automation

Automation Solutions, Capacitance, Radar, Ultrasonic & Vibration Level Devices, Gauge, Absolute & Hydrostatic Pressure Devices, Coriolis, Electromagnetic, Ultrasonic & Vortex Flow Devices, Temperature Transmitters, RTD & Thermocouples, pH, ORP, Conductivity, Chlorine & Dissolved Oxygen Sensors, Turbidity, Optical, Displays, Recorders, Inventory & Energy Monitoring

Gas Detection Solutions

IR Flame Detection, Hazardous Gas Detection, Wireless Multi-channel Display & Alarm Controllers, Process Monitors, Sample Draw Systems, Gas Calibration Equipment

Industrial Grade Turbine & Oval Gear Positive Displacement Flow Meters w/Digital Displays, Multiple Totalizers & Transmitters

Safety Excess Flow Valves, High Purity, Low Flow, Plastic, Relief Valves, Flow Switches, Pressure Transducers, Ultrasonic Flowmeters, Explosion Proof Fixed & Adjustable Flow Switches, Rotameters, Magnetic Flowmeters, Integrated Flow Controller

Digital Process Indicators w/Single or Dual Input, Loop or External Power; Hydraulic Load Cells, Force Sensors, Tension & Compression Force Transducers, Chain Hoist & Weld Force Test Kits, Load Pins

process automation

HART Communicators & Calibrators, Digital & U-Tube Manometers, Laminar Flow Elements, Orifice Plates, Flow Computers, Industrial Wireless Transmitters, Bellows D/P Units

instruments

Moisture, Humidity & Oxygen Measurement Transmitters, Portable Instruments & Process Analyzer Systems

ALTO MATION

Single & Multi Loop Controllers, Boiler Controls & Boiler Control Systems, Pre-Configured Modular Water & Wastewater Treatment Control Packages, Integrated Systems for Evaporator Controls, Vacuum Pan Controls & Blending Controls

Process Communications Solutions

HART communication products for the Process Control marketplace

Since 1960

Process & Liquid-Filled Gauges, Thermometers & Thermowells, Diaphragm Seals, Snap Action Pressure Switches, Syphons & Cooling Towers

Temperature and Energy Maintenance

Proven operating solutions

Custom Designed & Field-Mounted Fiberglass Instrument Enclosures, Cabinets, Arctic Shelters, Protective Sun Shades, Emergency Equipment Enclosures & Explosion Proof Heating Systems

Pyrotech

Mineral Insulated Heating and Snow Melting Cables, Commercial & Industrial Polymeric & Mineral Insulated Fire Cable Wiring Systems

Raychem

Industrial & Commercial Heat Tracing, Control, Monitoring & Tank Heating, Snow Melting, De-icing, Domestic Hot Water Temp Maintenance
